maxon motor support Cystic Fibrosis Australia.

Maxon motor a global leader in the production of high quality DC motors supports local charity.

Cystic Fibrosis Australia aim to improve quality of life for people affected and achieve this by donations and event sponsorship with the help of the every-day hero organisation. One such event is the Singleton Postie bike Challenge. A classic Australian event held between the 12th and 21st of May 2016 where intrepid volunteers travel through some of Australia’s most remote towns over a 10 day period covering thousands of kilometres on mostly gravel roads – on a humble Postie Bike. maxon motor Australia are proud to support this year’s challenge and wish them good luck on their quest.
