

## **maxon establishes collaborative innovation lab.**

**maxon motor have formed an innovation lab with the Lucerne University of Applied Sciences.**

The Lucerne University of Applied Sciences and Arts has entered a partnership with maxon motor headquarters by setting up an R&D lab on campus. Perfectly married where the University contributes its R&D expertise in the fields of robotics, mechatronics and embedded systems; and maxon motor will supply DC motors and accessories alongside practical experience. The aim is to develop intelligent mechatronic systems at the grass-roots level.

For more information please contact maxon motor tel. + 61 2 9457 7477.
