

## maxon motor unveil new online support center.

The Swiss drive specialist have expanded their after sales support. Search for answers within Technical support, Product knowledge, Sales support and Tutorials.

To assist our customers understand the DC drive systems within their applications, maxon motor have created an online center. This offers support not just for the maxon product itself but takes into account the application and system environment. If there is an error state present or a component not behaving as expected, there might be an endless number of possible root causes...

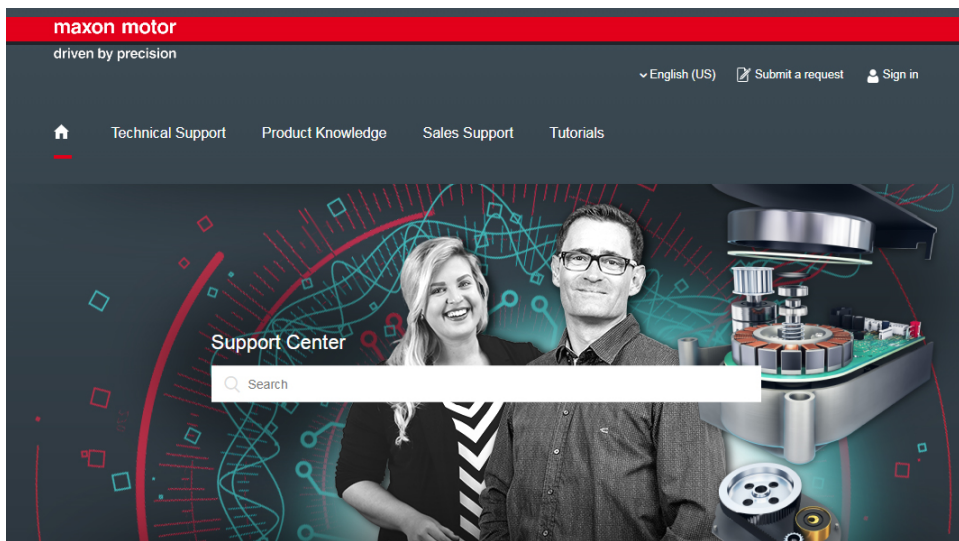

Real-time support is available worldwide by contacting your local maxon motor subsidiary. The center is focused on easy navigation for faster solutions to your questions.

To visit the support centre click on <https://support.maxonmotor.com/hc/en-us> or for assistance Australia-wide contact +61 2 9457 7477.
