Press Release

Parvalux looking to strengthen offering from the maxon Sydney office.

With the acquisition of Parvalux in December 2018, both maxon and Parvalux continue to develop their product offering and innovation globally with the search for an experienced Marketing Specialist.

Parvalux are seeking an experienced Marketing Specialist / Global Sales Officer to work from maxon's Sydney office. The candidate will successfully implement the Global Sales & Marketing plan including reaching sales targets, KPI's and regular reporting to the Global Sales Team. Responsible for developing and coordinating advertising strategies and campaigns, determining the market for new product requirements and identifying and developing market opportunities for new and existing customers. The ideal candidate is a passionate, self-motivated, and detail-oriented team player who is committed to the success of our customers. The focus will be on growing and developing existing client relationships, as well as generating new business globally by identifying, implementing and executing new strategies.

For further information contact maxon Australia tel. 02 9457 7477.

The Swiss specialist for quality drives

maxon is a developer and manufacturer of brushed and brushless DC motors, as well as gearheads, encoders, controllers, and entire mechatronic systems. maxon drives are used wherever the requirements are particularly high: in NASA's Mars rovers, in surgical power tools, in humanoid robots and in precision industrial applications, for example. To maintain its leadership in this demanding market, the company invests a considerable share of its annual revenue in research and development. Worldwide, maxon has more than 3000 employees at nine production sites and is represented by sales companies in more than 30 countries.
